

All Conference State Chorus

COME JOIN US!

Calling all song directors, school choir members, shower divas, youth group singers, etc.

All congregations are invited to join together the harmonica voices of conference attendees during the All Conference Chorus. This is a joint venture for both our youth and adults to blend their voices and sing melodies from the heart. We are asking both our males and females to participate in this effort. So whether you sing soprano, alto, baritone or bass, we want your Voice. Don't be shy! We ask when you arrive to come to the designated Conference Chorus table to sign up and get information on practice times and locations. List any members who may be interested in participating (indicate if adult):
